SWCC Brick at

National Corvette Museum

[www.southwindscorvetteclub.com](http://www.southwindscorvetteclub.com)

Bricks purchased at the National Corvette Museum represent the support from individuals, clubs, and businesses across America and the world. This exciting program helps further the mission of the Museum to celebrate the Corvette's invention and to preserve the legendary automobile's past, present, and future.

South Winds Corvette Club members can use this program to show everyone you're a proud member of SWCC, support the National Corvette Museum, memorialize loved ones, or recognize other members.

Brick orders can be made over the phone with Becky or online at [NCM Corvette Store](http://NCM Corvette Store). Mention or make a note to place your ordered bricks in Section 77 of the walkway with the South Winds Corvette Club brick. If you are looking at the original entrance, section 77 is down the right sidewalk.

Here's a list and pricing for the type of bricks that can be placed in our area.

Large 24" x 24" for \$2,600 (NCM Members \$2,500)

Medium 12" X 12" for \$650 (NCM Members \$600)

Small 4" X 8" for \$125 (NCM Members \$100) Shown next to the 12" x 12" SWCC brick
